Annual Report 2023-2024

Brief Description about the projects implementing during the year of 2023-2024:

NEED is the Registered voluntary organisation, working for the upliftment of the poor, down trodden community and poorest of the poor, especially for the development of Tribal people in Vizianagaram District, During the year of 2023-2024 NEED has been continuously implementing CCI (Children care India) with the support of Aipe international, Canada, Children Home of Hand In Hand, Germany, in this area we are supporting Children education, providing Micro credit and organizing Anganwadi schools, and we have Running YTC at Salur, and also we are implementing Jal Jeevan Mission supported by RWS, Govt of AP, APILIP-II Supported by Water resource department, Govt of AP, and implementing Seasonal Hostel, Karrivalasa Supported by Samagra Siksha, Govt of AP, Open shelter, Juvenile Welfare & Correctional Services, Govt of AP and we have organized Sanitation awareness, Tree plantation programme in Pachipenta mandals and also we have provided with the support of forest department. These are the main activities during the year of 2023-2024. We are herewith submitting our NEED Details in brief.

CCI (CHILDREN CARE INDIA)

AIPE INTERNATIONAL, CANADA

Children Education project: - The Children Education Project, run by our Project Coordinator since its launch in 2003 by Children Care International (CCI) in Andhra Pradesh, has supported 60 children from 16 villages—mostly from poor fishing communities and many being orphans or semi-orphans. Most children have completed their studies, with some securing government or private jobs, while a few are still seeking employment.

This year, CCI is supporting 5 children—some in college and others preparing for competitive exams. I visited their homes and colleges to discuss their health, academic progress, and needs. Based on their requests, I provided tuition fees, travel support, books, and other essentials.

I also visited all 16 villages once or twice a month to speak with parents about their health, livelihoods, and their children's education. Many parents expressed gratitude, especially those whose children have found jobs, and shared how deeply thankful they are to CCI.

1.Children education project: -

This programme is supported by **Children Care International (CCI), CANADA**

This year CCI supported to only one child for her studies. She is B. Asha. So, I have visited her college and home and discussed with her regarding her health, education progress and her requirements. She said that she is fine & studying well and also, she wanted exam fee, traveling expenses, books, stationary and other requirements. So, I have provided her requirements in time that which she needed. I visited her home once or twice in a month and interacted with herparents and discussed with them about their health and livelihood progress. They said that they are fine and doing well. They felt very happy and they said that they are indebted to NEED - CCI.

Details of B.Asha

B. Asha

1. About Bammidi Asha: - She is living in Bantupalli village, Denkada mandalam, Vizianagaram district, Andhra Pradesh and India.

She has one sister. She is studying 2nd year of intermediate course in Chaitanya college in Vizianagaram. Parents are working as cooks in disable center in Kopperlla village supported by **FRIENDS INDEED PROJECT NETHERLANDS**. They are staying in the center with family. She got married. Her husband is working as helper in the hotel.

Asha is studying 3rd year of B.Sc. (Bachelor of Science) graduation course in SVSR Degree College in Poosapatirega. This is 3 years course.

2.Family financial support project: -

We support 41 microcredit women in 4 villages. Initially, CCI helped 14 poor women—mostly from fishing communities and with school-going children. In August 2023, support was extended to 24 more women, each receiving ₹18,000 to grow their businesses.

They run various small businesses and commit to using the support for business and their children's schooling. I visit them 1–2 times a month, check business progress, visit homes to discuss health and education, and hold awareness meetings on loans, hygiene, and sanitation.

Our support helps them earn profits and improve their lives. I also talk to their children, visit schools, and meet teachers to track academic progress. I identify new women in need, prepare case studies, and send monthly reports to CCI.

Family Financial meeting at Barripeta village

Family Financial meeting at Mukkam village

3.Anganwadi project: -

This year, with CCI's support, we started an additional Anganwadi center in Ramachandrapeta village due to over 50 children and lack of a second government-sanctioned center. The existing center, run in a small rented room, was overcrowded. Our new center accommodates 30 children, with CCI covering teacher and cook salaries, rent, and daily meals.

The teacher and cook bring children from home, conduct lessons, games, and provide meals. We supplied utensils, furniture, uniforms, learning and play materials, and snacks for both centers, including pregnant and antenatal women.

I regularly visit both centers, speak with teachers and parents about attendance and health, and ensure timely delivery of all supplies. Snacks are purchased monthly from Aditya Gupta Departmental Stores in Vizianagaram. Additionally, we provided measuring cups, mats, and brooms to 272 Anganwadi centers this year.

Class room *Lunch*

Uniforms distribution

NEED-PREM VISWASAM CHILDREN HOME-BOBBILI

Children Education Project - Supported by Hand in Hand, Germany

This Viswasam Children Home project is implementing at Siripurapu Street Bobbili. There are 60 children from 1st standard to Intermediate who are orphans and semi orphans, Most of the children are from poor families of Different communities from various villages of Vizianagaram District of Andhra Pradesh. We provide them free education, shelter, food, uniform, books, stationary, health and other Requirements. Some of the elder children are studying ITI courses and some are intermediate. We conduct health camp once in a month at children home. And also conduct tuition in the morning and evening for all the classes. One of the intermediate girls got prize of appreciation from Junior college for her discipline and regular to the college. And some children participated in cultural programs and won 2nd Prize for their performance in Bobbili town,

In this year 2023-2024 we have provided the following facilities in this project:

- Education Support – 60 Members
- Housing Support – For 20 house holds in Piridi, Alajangi and R.Venkampeta, Bobbili Leprosy Colony.
- Groceries support for old age people – for 50 Members

JAL JEEVAN MISSION (JJM)

In 2023–24, the **Government of Andhra Pradesh** and the **Department of Water and Sanitation** sanctioned the **Jal Jeevan Mission (JJM)** to **NEED Organisation** for implementation in five sub-divisions—**Bobbili, Bhogapuram, Parvathipuram, Salur, and Kurupam**—across **Vizianagaram** and **Parvathipuram Manyam** districts.

JJM, launched by the Government of India, aims to provide **Functional Household Tap Connections (FHTCs)** to all rural households by 2024 under the vision **"Har Ghar Jal"**. It replaces the former **National Rural Drinking Water Programme (NRDWP)**.

Key components of JJM include:

- In-village piped water supply infrastructure
- Source development and augmentation
- Multi-village water transfer schemes
- Water quality treatment technologies
- Retrofitting existing water supply systems
- Grey water management
- Capacity building and community engagement

As the **Implementing Support Agency (ISA)**, NEED is actively involved in facilitating all aspects of the mission to ensure safe, adequate, and sustainable drinking water access in rural areas.

About Jal Jeevan Mission

Jal Jeevan Mission (JJM) aims to provide safe and adequate drinking water through **Functional Household Tap Connections (FHTCs)** to every rural household in India by 2024. The program emphasizes **source sustainability** through grey water management, water conservation, and rainwater harvesting. It is built on a **community-led approach**, with **Information, Education, and Communication (IEC)** as a key component—creating a **Jan Andolan** (people's movement) for water.

As the **Implementing Support Agency (ISA)**, **NEED Organisation** is executing JJM in **five sub-divisions**—Bobbili, Bhogapuram, Parvathipuram, Salur, and Kurupam—across **Vizianagaram and Parvathipuram Manyam** districts.

Key ISA activities include:

- **Formation of Gram Panchayat Water & Sanitation Committees (GPWSCs)** to manage JJM works, monitor progress, operate bank accounts, and oversee maintenance.

- Supporting implementation of in-village water supply infrastructure, water source development, treatment technologies, retrofitting schemes, and grey water management.
- Conducting capacity building and extensive IEC campaigns to ensure community participation and sustainability.

- VAPs Preparation / Streamline
- JJM Books updating at Grama Panchayat Level.
- Houses visits
- water related issues identification
- water related issues/problems resolve with the support of Department.
- Awareness programs including IEC Activities. (Ex., Wallwritings,Posters , Slogans , Hording etc…)
- Organise capacity building programs
- Organise hand wash programs
- Organise street play/Kalajat
- Organise Gram Sabhas at Gram Panchayat Level and Village level.
- Organise Rallies on JJM and IEC Activities.
- Distribution of IEC material
- Identification of FHTCs newly connected
- Opening of Bank accounts
- Mobilisation of User charges/community contribution collected from the community
- Raise the community contributions i.e Donations , CSR fund, Grants, 15th finance commission grants etc.,
- Organise FTKs Testing with five members with the support of Engineering assistant.
- Follow up and monitoring of O&M (Operation and Maintenance) of FHTC and JJM assets.
- VWSC and Bank Account - Book Keeping (Cash Book, Ledger, Vouchers, Bills and other registers)
- Conduct WASH with the support of Government and donor agencies.
- Organise Convergence with Line Departments at Village level and Gram Panchayat Level.
- Organise Manadal / Dist. Conferences with District Officials
- Conduct FTK testings
- Collect samples and send it to the department.

As on today we did the following activities in JJM in our 5 Sub-divisions.

స్వచ్ఛమైన తాగునీటినే వినియోగించాలి

జడ్పీడవలసలో ర్యాలీ నిర్వహిస్తున్న వీడ్ స్వచ్ఛంద సంస్థ ప్రతినిధులు, మహిళలు

పార్వతీపురం: ప్రతి ఒక్కరూ స్వచ్ఛమైన తాగునీటినే వినియోగించాలని కోరుతూ వీడ్ స్వచ్ఛంద సంస్థ ఆధ్వర్యంలో ఆదివారం అవగాహన ర్యాలీ నిర్వహించారు. మండలంలోని అడ్డూరు పంచాయతీ జడ్పీడవలస గ్రామంలో 'హర్ ఘర్ జల్' కార్యక్రమంలో భాగంగా తాగునీటి ఆవశ్యకతను వివరించారు. ఈ సందర్భంగా వీడ్ స్వచ్ఛంద సంస్థ ప్రతినిధి జోగినాయుడు మాట్లాడుతూ పలు రకాల దుర్గతలకు మనం తాగే నీరే కారణమన్నారు. ప్రతి ఒక్కరూ స్వచ్ఛమైన తాగునీటినే తాగాలని హితవు పలికారు. ముఖ్యంగా కాచి చల్లార్చిన నీటిని తాగాలన్నారు. కార్యక్రమంలో పలువురు మహిళలు, యువత పాల్గొన్నారు.

APILIP-II
Andhra Pradesh Irrigation and Livelihood Improvement Project

The NEED Organisation implemented APILIP-II Programme in the Districts of Vizianagaram and Parvathipuram Districts.

NEED-Support organization has accomplished the WUA data collection from the 5 Medium and 71 minor irrigation projects. New staff divided in to 3 Areas and Approached to collect data from Mandal Revenue Officers, D.E's,A.E's, Sachivalam staff and Line Departments.

Department of Irrigation

SO is coordinating with the department of Irrigation facilitating the interventions at ground level which are approved by the DIU and PMU. The department is waiting for the release of budgets and guidelines from the government. The SO is creating awareness to the farmers on department programs Wall slogans, WUA Abstracts, PIM & Microplans.

4. Support for enhancement of livelihoods.

To enhance livelihoods, support interventions have been planned under the Departments of **Agriculture, Animal Husbandry, and Fisheries**, with approval from the PMU. As per project guidelines, **micro-plans** are required for each **Water Users Association (WUA)** under major irrigation projects.

In this context, **NEED – Support Organization** conducted **orientation meetings** with farmers, followed by **Participatory Rural Appraisal (PRA)** exercises in **35 WUAs**. Based on the data collected, **35 micro-plans** have been prepared so far.

These plans highlight the needs and issues related to agriculture, livestock, and fisheries services. NEED is now coordinating with the respective departments to implement the approved interventions in the targeted villages.

Department of Animal Husbandry

NEED-SO is coordinating with the department of Animal Husbandry towards facilitating the interventions at ground level which are approved by the PMU. The department is waiting for the release of budgets and guidelines from the government. The SO is creating awareness to the farmers on department programs like vaccination to the cattle, Artificial insemination, Goat/Sheep rearing, Backyard poultry, Cattle sheds, Fodder cultivation etc. .

Department of Fisheries

NEED – Support Organization (SO) is actively coordinating with the **Department of Fisheries** to facilitate community-level interventions approved by the PMU. While awaiting

budget guidelines from the government, SO is creating awareness among **Fisheries Cooperative Society** members on key departmental programs, including:

- Fish Landing Centres
- Captive Fish Shed Nurseries
- Fish seed supply in public water bodies
- Stocking of juvenile prawns in reservoirs

Additionally, in coordination with the **Department of Agriculture**, SO is supporting the **formation and promotion of Farmer Producer Organisations (FPOs)** as per the government's priority. SO is mobilizing farmer groups and working closely with the department to strengthen FPO initiatives at the grassroots level.

Support organization internal review meetings

NEED is used to organize review meeting with the project staff at 15 days intervals. The IDC and Director of the organization would ensure the review meetings to understand the status of the program deliverables and to discuss the project priorities. SO organized 9 review meetings at NEED Central Office Saluru.

Programs organized by the SO

Our NEED-Support Organisation has conducted Microplan Activities (PRA,Transacrwalk,WUA Meetings, Focuss Group Disscussions) at the 75 Project WUA's under Minor and Medium Project.

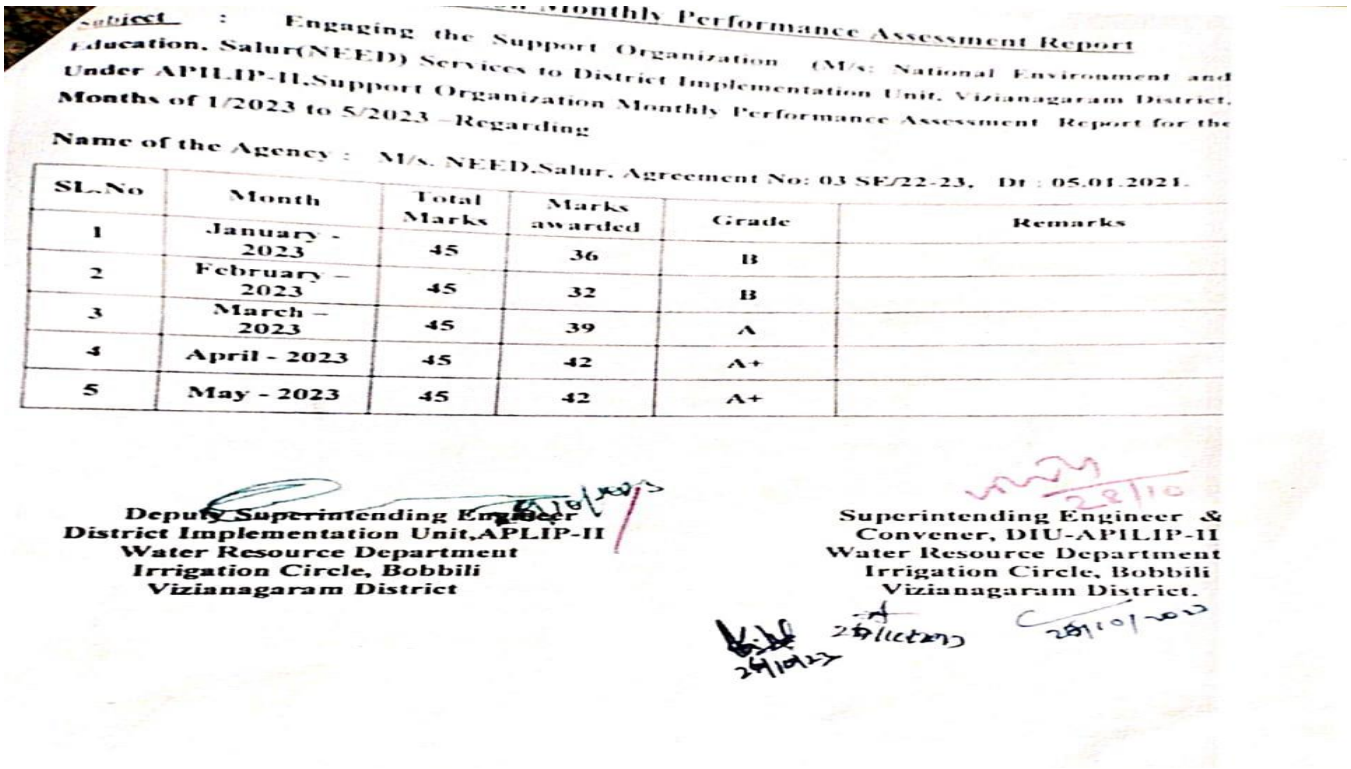

Wall slogans Inserted at Vizianagaram District:

NEED-SO conducted Wall slogans paintings at 107 WUA's of Parvathipuram and Vizianagaram Project Area

Progress as on May, 2023.

...Monthly Performance Assessment Report

Subject : Engaging the Support Organization (M/s: National Environment and Education, Salur(NEED) Services to District Implementation Unit, Vizianagaram District, Under APILIP-II,Support Organization Monthly Performance Assessment Report for the Months of 1/2023 to 5/2023 –Regarding

Name of the Agency : M/s. NEED,Salur. Agreement No: 03 SE/22-23, Dt : 05.01.2021.

Conclusion

The Support Organization-NEED could accomplish the planned activities at the maximum extent like Awareness **Trainings on** PRA**, Data collected** of Preparation of Microplans of **the** 78Minor and Medium irrigation WUA's in the project area, Wallslogans Inserted in 107 WUA's in the Project Area, **And** the Irrigation department is going to take of modernization of irrigation structure, Completion of collecting WUA and command area farmers data. Submitted staff monthly progress reports and Quarterly Progress Report and Deliverable Bills and Reports on time to time of every month.

HILL TOP PREGNANT WOMENS Hostel at YTC,SALUR

With the Honorable support from ITDA, Parvatipuram, We established Pregnant Women's Hostel for Hill top Tribal pregnant women.

The ITDA, Parvathipuram established Pregnant Women's hostel for who are facing transport and Medical Problems at the time of delivery due to lack of Transport Facilities. Most of hill top women are facing deaths of their infants during the delivery time. So the ITDA Established Pregnant women's hostel and shifted them to this hostel from their 7th month of their pregnancy and providing Nutrition food and Boarding , Medical facility, Counseling and yoga etc will be provided. Provide ambulance services in case of emergency.

Services provided by the pregnant women's hostel 2023-24

SEASONAL HOSTEL-KARRIVALASA

With the support from Sagra Siksha, Parvathipuram Manyam District, we have opened 1 Seasonal Hostel for Migrant parent's children at Karrivalasa Village, Pachipenta Mandal with Strength of 50 Children.

The main objectives of the programme are to mainstream the children who are neglected by the parents, Migrant families children. Total 48 children were mainstreamed.

OPEN SHELTER-SALUR –URBAN

In the year 2013-2014 the Department of Juvenile Welfare correctional services and welfare of street children department, Vijayawada, Andhra Pradesh has sanctioned an "OPEN SHELTER" to 25 no of children at Salur (Urban).

On 01.04.2013 we have established an Open shelter in Salur urban with 3 contact points at Railway station, Bus Stand and Town Market. The work of the contact point is to discover the children of 18 years below;

This project focuses on providing **institutional care** for vulnerable children, including **street children, child beggars, waste paper collectors, working children, street performers, orphans, abandoned and migrant children**, and those from **neglected families**.

Key achievements this year:

1. Protected children from vulnerable and high-risk situations.
2. Prevented exposure to socially deviant behaviors.
3. Enhanced their life skills.
4. Enrolled them in age-appropriate education.

5. Provided education, nutritious food, and proper clothing.

CRECHE CENTERS

The Women & Child welfare department, Govt of AP has sanctioned the 19 Crèche Centers at Pachipenta, Salur and Makkuva Mandals. In the above 19 with 342 Children. The following activities are going on.

Services provided in the Crèche Centers

- Daycare Facilities including Sleeping Facilities.
- Early Stimulation for children below 3 years and Pre-school Education for 3 to 6 years old children.
- Supplementary Nutrition (to be locally sourced)
- Growth Monitoring.
- Health Check-up and Immunization.

TARGET GROUP

The scheme focuses on children of 6 months to 6 years, of working women in rural and urban areas who are employed for a minimum period of 15 days in a month, or six months in a year.

NUMBER OF BENEFICIARIES AND FUNCTIONARIES

Child Capacity & Staffing:

- Each crèche should have a **maximum of 25 children**, with **at least 40% under the age of 3**.
- Staffing must include **one trained crèche worker** and **one helper** to ensure quality care and supervision.

Location & Accessibility:

- Crèches should be in **safe, secure, and child-friendly locations**, preferably **within ½–1 km** of children's homes or mothers' workplaces to:
    - Enable breastfeeding mothers to visit conveniently
    - Allow quick access for emergencies
    - Simplify drop-off and pick-up routines
    - Facilitate home visits by the worker if a child is absent

Environment:

- The atmosphere should resemble a **home-like setting**, reflecting the **community's lifestyle** to ensure comfort and familiarity for the children.

Drinking Water & Sanitation:

- Crèches must have **safe drinking water** with a **filter/purifier** that is cleaned regularly.
- Where water scarcity exists, provide **storage solutions** (e.g., 300-liter tanks).
- **Child-friendly toilets** must be available, including accessible facilities for **children with special needs**:
    - Indian-style toilets with water, soap, towel, garbage bin, low-level washbasin, and exhaust fan
    - Taps and fixtures should be at a child-friendly height

Hygiene & Supervision:

- Maintain cleanliness using **regular cleaning supplies** (phenyl, disinfectants, dustbins, swabs, etc.).
- Ensure **regular supervision** for service improvement and hygiene maintenance.

DAY CARE CENTER

In the Year of 2022-2023, the Aide Et Action has been sanctioned 19 Day Care Centers in our Parvatipuram Manyam district, Andhra Pradesh. Through this programme we have provided Nutrition Food and Education.

Objective of the Project: To Provide Education & Nutrition support to Hill top area (ST) Schedule Tribal Community Children in 19 Day Care Centers for working women's Children in the Pachipenta, Salur & Makkuva Mandals of Parvathipuram Manyam District.

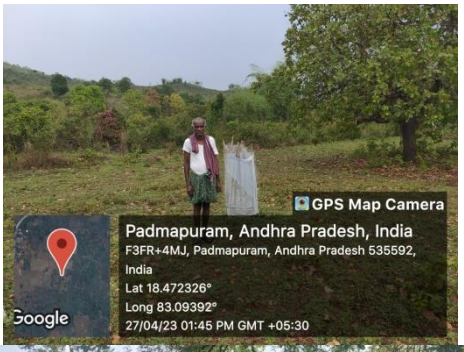

CARBON CREDIT PROGRAMME

Objective of the Programme: To Provide additional income to farmers who are growing Mango & Cashew by selling Co2.

Area Covered : Parvatipuram manyam district and Vizianagaram Districts and covered around 2000 farmers.

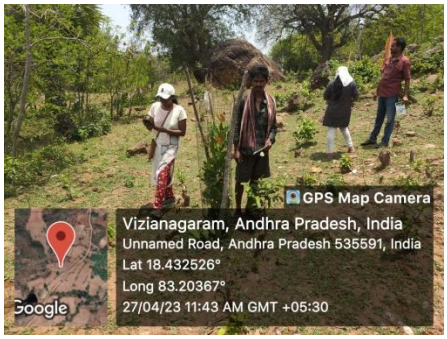

Carbon Credit Usages:

- Carbon credits were devised as a mechanism to reduce greenhouse gas emissions. Companies get a set number of credits, which decline over time, and they can sell any excess to another company. Carbon credits create a monetary incentive for companies to reduce their carbon emissions.
- Farmers can earn carbon credits by adopting practices such as agro forestry, peat land restoration and management, enhancement of organic carbon content on soils, nutrient management on cropland and grasslands, livestock and manure management, and more.

ADITYA BIRLA EDUCATION TRUST

Objectie of the Programme: Mental health has long been a neglected aspect of overall well-being, particularly in rural and underserved regions. Recognizing this gap, **NEED Organisation** undertook a significant initiative to create awareness on mental health among **girls, boys** in **Parvathipuram Manyam and Vizianagaram districts**. The objective was to break myths, reduce stigma, and promote early intervention and emotional resilience among community members, especially children and adolescents.

Through a multi-faceted, community-driven approach, **NEED successfully reached over 5,000 children** across government schools, hostels, and community settings. Our awareness programs were designed to be inclusive, age-appropriate, and culturally sensitive, covering topics such as:

- **Understanding emotions and stress**
- **Myths and facts about mental illness**
- **Importance of seeking help early**
- **Peer support and self-care**
- **Gender-specific challenges and coping mechanisms**

B. Myths About Mental Illness

- **Mental illness ≠ weakness** – It has neurobiological causes and requires medical treatment.
- **Mental illness ≠ 'madness'** – Only 1% involve psychotic symptoms; most conditions are treatable.
- **Not all mental illnesses are permanent** – Many recover with the right support and treatment.
- **Psychiatric medicines are not addictive** – But should not be stopped abruptly.
- **Most can be treated at home** – Asylums are for rare, chronic, unsupported cases.
- **Addiction ≠ lack of willpower** – It has a medical and biological basis.
- **Mental illness ≠ violence** – Most people with mental illness are non-violent.
- **ECT is not harmful** – Modified ECT is safe and effective for severe conditions.

C. Common Challenges Faced by Students

- Adjustment issues (hostels/PGs), academic pressure, exams
- Ragging, relationship issues, peer rejection
- Pre-existing psychiatric/medical conditions
- Family stress, language barriers, scolding, failure in exams

D. Common Psychiatric Disorders

1. **Depression** – Persistent sadness, loss of interest, fatigue; can be treated with early intervention.
2. **Bipolar Disorder** – Extreme mood shifts; needs long-term treatment.
3. **Schizophrenia/Psychosis** – Hallucinations, delusions; requires medication and psychosocial support.
4. **Anxiety & OCD** – Constant worry, compulsions; needs behavioral therapy and/or medication.
5. **Substance Misuse** – Often starts with peer pressure; leads to dependence and health risks.
6. **Ragging/Bullying** – Impacts self-esteem and mental health; must be reported immediately.
7. **Self-Harm** – A cry for help; immediate professional intervention is needed.

E. Stress Management Module

- **Stress** = Perception of not coping with demands. Can be *eustress* (positive) or *distress* (harmful).
- **Causes**: Heavy workload, poor management, job insecurity, discrimination, unsafe work conditions.
- **Effects**: Affects physical, emotional, cognitive, and social well-being.
- **Coping Tips**:
    - Seek professional help
    - Regular exercise, sleep, balanced diet
    - Express emotions, avoid substance use
    - Support peers empathetically

Awareness programme on HIV/AIDS

In the year of 2023-2024 we have organised Awareness programmes on Health and especially HIV/Aids in our Parvatipuram and Vizianagaram Districts. Through this programme we have covered the following aspects.

Key Aspects :

- **Protect yourself during sex:** To reduce your risk of getting HIV, use condoms correctly every time you have sex.
- **Protect yourself if you inject drugs:** Do not inject drugs. If you do, use only sterile injection equipment and water, and never share your equipment with others.
- **Protect yourself taking PrEP:** If you do not have HIV but are at risk of getting HIV, talk to your health care provider about pre-exposure prophylaxis (PrEP). PrEP involves taking a specific HIV medicine every day or an injectable HIV medicine every two months to reduce the risk of getting HIV through sex or injection drug use.
- **Protect others if you have HIV:** Take HIV medicine (called antiretroviral therapy or ART) as prescribed by your doctor. ART can reduce the amount of HIV in the blood (called viral load) to the point where a test cannot detect it (called an undetectable viral load). If you have an undetectable viral load, you will not transmit HIV to your partner through sex.
- **Prevent perinatal transmission:** If you have HIV and take HIV medicine as prescribed by your doctor throughout pregnancy and childbirth, the chances of transmitting HIV to your baby are less than 1%. If you have a partner with HIV and are considering getting pregnant, talk to your doctor about PrEP to help protect you and your baby from getting HIV while you try to get pregnant, during pregnancy, or while breastfeeding.

ఎయిడ్స్ దినోత్సవం సందర్భంగా నీడ్ సంస్థ ఆధ్వర్యంలో భాలీ ర్యాలీ అవగాహన సదస్సు

పాలూరు (ప్రజా జ్యోతి)
